

## **Ebenezer Korsah 2009 Ghana Goals**

### **EVANGELISM**

I envision continuing building a church where every member is an evangelist, and give more emphasis to community evangelistic outreaches and personal evangelism to double our present membership number.

### **FACILITIES/ EQUIPMENTS**

I envision the need to receive additional equipments such as PowerPoint Projector and a Generator.

### **LEADERSHIP DEVELOPMENT**

To accomplish this, seminars for leadership and teachers training will be conducted as well as providing job descriptions for making their assignments clear.

### **CHURCH PLANTING**

I aim to plant two churches in vicinity where there is a serious need of the Lord's Church.

### **REACTIVATE YOUTH PROGRAMS**

The lifestyle of the youth members in churches in Assin District among Churches of Christ is uncalled for. Their zeal as youth in churches is below expectation. I envision that if they are well taught, motivated and pulled, our congregations will accomplish greater tasks.

I ask the Princeton Elders and members to remember my work, family and these Goals when they pray in 2009-----Ebenezer
